

School Trips around Ojcowski National Park

School trips with a tourist guide along the Ojcow National Park

Multimedia and Real

At the beginning, the route leads us through the new Multimedia Nature Exhibition of the Ojcowski National Park, opened in April 2010. In a short time, we can get to know the versatile nature of Ojców and Ojców Park, listen to birds singing, hear a cave echo and feel a drop of cave rain, watch 3D photos and a 2D movie. So prepared to absorb nature, we set out on the green trail where we will confirm the previously acquired knowledge in a real way. During the walking tour, we will visit the Dark Cave, where we will be able to see the stalactite forms of the cave known to us in the Museum, as well as see the old archaeological excavations. Next, we will follow the trail through the viewpoints of the wonderful Prądnik Valley. Perhaps during the journey we will be able to hear and recognize the song of a bird? or even meet other inhabitants of Ojców forests...?
